3.	<p>OJSC “Rivnesilmash”            6, Industrialna Str., Kvasyliv            Rivne Region, 35350            tel. +38 (0362) 263453,            266860            fax. +38 (0362) 203407            e-mail: <a href="mailto:marketing@jscrsm.com.ua">marketing@jscrsm.com.ua</a></p>	Nykytyuk Mykhaylo	<p>Wide range of agricultural machinery output, including different types of seeders, winnowing machines, trailer equipment. The company is interested in establishment of manufacture cooperation on the release of combine harvesting technology.</p>
4.	<p>OJSC “Rivne airline Universal-Avia”            1, Aviatoriv Str., Omelyana            Rivne district, 33004            tel.: +38 (0362) 299-230, 223-081            fax: +38 (0362) 299-200</p>	Batsovskyy Rostyslav	<p>The enterprise offers services of airline transfer of passengers and cargoes, and also provides with service of flights, including dispatching support and refueling by fuel-lubricating materials. The company is interested in the establishment of mutual cooperation with the enterprises in a similar kind of activity.</p>

5.	<p>BE "Prykarpatzahidtrance"</p> <p>18, Kotlyarevskogo Str., Rivne, 33028 tel.: +38 (0362) 636-662, fax: +38 (0362) 264-678</p>	Malyhin Volodymyr	<p>Enterprise provides services of oil transportation by oil pipeline.</p> <p>This company examines the possibility of establishing the collaboration with the foreign companies in this sphere of activity.</p>
6.	<p>"Ekoterm" Ltd.</p> <p>19, Travneva Str., v. Varkovychi Dubno district, Rivne region tel./fax: +38 (0362) 625-664 , 625-665 e-mail: <a href="mailto:ecoterm@mail.ru">ecoterm@mail.ru</a> <a href="mailto:ecoterm@utel.net.ua">ecoterm@utel.net.ua</a></p>	Torgun Yuriy	<p>The enterprise specializes on manufacture and sale of sheet building plastic foams and polystyrene plates - marks PSB-S-15, PSB-S-25, PSB-S-35 which are used for external and internal warming of buildings.</p> <p>The firm is interested in establishment of cooperation in manufacture of dry building mixes application of which in association with plastic foams will give an opportunity to make isolation maximum effective.</p>

7.	<p>OJSC “Volyn-cement”</p> <p>1, Shevchenko Str., Zdolbuniv 35700  tel.: +38 (03652) 69205  e-mail:  <a href="mailto:Volyn-Cement@dyckerhoff.com">Volyn-Cement@dyckerhoff.com</a></p>	Tsaruk Sergiy	<p>To the basic group of the enterprise manufacture goods belong the portland cement with the mineral additives mark of 500 and 400, portland cement without additives of mark 500, portland cement for the production of asbestos cement articles, portland cement tamping without the additives of mark 500, portland cement tamping with the mineral additives for normal temperatures. Production of JSC “Volyn-cement” is used for the building of atomic power stations, bridge building, units of military complex with the high demands for the strength, it widely adapts in the petroleum and natural gas industry and in house-building activity. It’s collaborates with the companies in the field of production of high-quality building materials of Russia, Moldavia, Byelorussia, Hungary. They are interested in collaboration with the foreign firms in introduction the newest ecologically clean technologies of production and the expansion of the markets.</p>
----	---	---------------	---

8.	<p>OJSC “Kostopil foodstuffs factory”</p> <p>12, Richna Srt., Kostopil, Rivne region, 35000 tel./fax: +38 (03657) 217-50, 212-07</p>	Kucheruk Mykola	<p>Trade mark “Rodyna”. Offers wide range of production’s assortment, which constantly extends and improves owing to aspiration of producer to satisfy the most exacting buyer. The company has got numerous awards, including gold medals “ The best trade mark of Ukraine ”.</p> <p>The enterprise output more than 100 kinds of goods in three directions: mayonnaise, margarine, mustard, ketchup, sauces, various juices, confectionery products.</p> <p>The firm is interested in an establishment of cooperation with the companies in the similar sphere of activity, the purpose of which is further joint production of goods.</p>
9.	<p>“Krupetsagroptytsya”</p> <p>v. Krupets, Radyvyliv dastrict, 35541 tel.: +38(03633) 41039 e-mail: <a href="mailto:krupets@karat.lv.ukr.tel.net">krupets@karat.lv.ukr.tel.net</a></p>	Varfolyuk Volodymyr	<p>The wide-profile enterprise with the basic form of activity - animal husbandry, plant growing and poultry farming, in particular cultivation, processing, and also sale of meat and poultry eggs.</p> <p>Enterprise has an interest in collaboration of development and introduction of new technologies in plant growing and animal husbandry.</p>

10.	<p>“Olisma” Ltd.</p> <p>16, D.Galytskogo Str., Rivne, 33018  tel./fax: +38 (0362) 625-640,631-080  e-mail: <a href="mailto:olisma@rivne.com">olisma@rivne.com</a>  <a href="http://www.olisma.rivne.com">www.olisma.rivne.com</a></p>	Plahtyna Yaroslav	<p>The enterprise specializes on manufacture of furniture for office, banks, trade organizations, and also furniture for a house which is processed by highly technological equipment of such firms as: HOMAG, ALTENDORF, BRANDT, GRASS, using the accessories and component parts of leading German and Austrian firms. In 2002 the enterprise mastered two new directions - manufacture of bentwood glued lamella for plywood frames and containers for sea transportation. The firm was repeatedly awarded with international exhibition diplomas, including “KyivExpoMebel” for the best presentation of domestic manufacturer’s production. OJSC “Olisma“ is interested in an establishment of cooperation with foreign manufacturers of furniture with the purpose of industrial and technological collaboration, expansion of markets.</p>
-----	---	-------------------	---

11.	<p>OJSC “Rivnevtormet”</p> <p>35, N.Hasevycha Str. Rivne, 33013  tel./fax: +38 (0362) 226-039,265-912  e-mail: <a href="mailto:vtormet@rivne.com">vtormet@rivne.com</a></p>	Panasyuk Yaroslav	<p>Joint-stock company “Rivnevtormet“ - the wide-profile modern enterprise, which successfully collaborates with the partners of domestic and foreign markets. The basic form of activity is purchase, processing and sale of repeated ferrous and nonferrous metals, production and realization widely used consumer goods, provides transport services, the fulfillment of repair and building works, production of saw-timber and the goods of production-engineering designation. The artistic forging products are in popular demand and exemplify of exquisite taste. Enterprise is interested in the modernization of existing and the creation of new production, and also in the establishment of collaboration with the Chinese partners in development, production and delivery to the Ukraine of the hydraulic generators of small power from 50 to 250 kvt/ch., the equipment for processing of oats, millet, knotgrass.</p>
12.	<p>CJSC AC “Zorya”</p> <p>2, Zhovtneva Sq., v. Zorya, Rivne district  tel.: +38(0362)633-070, 279-380, 269-558</p>	Plutynskyy Volodymyr	<p>One of the greatest agricultural enterprises of Ukraine, which specializes in the meat and milk animal husbandry, and selection of highest-quality corn seeds. The enterprise collaborates with a number of countries of the CIS and European Union. It is interested in introduction of new agrarian technologies and the expansion of their market.</p>

13.	<p>“Agropererobka” Ltd.</p> <p>57/12, 16 Lypnya Str., Rivne, 33000  tel.: +38 (0362) 26-79-70  e-mail: <a href="mailto:agropererobka@ukr.net">agropererobka@ukr.net</a></p>	Rudomska Olga	<p>Enterprise specializes on the production of foodstuff using complex processing of local raw materials, which is produced on the base of its own milk plant and plant for processing berries and vegetables.</p> <p>Assortment counts more than 130 names of products, which is well known for users of Ukraine, Russia, Moldova and Byelorussia. Numerous rewards of exhibitions, medal and merits of international competitions testify about quality of production.</p> <p>“Agropererobotka” Ltd. is interested in establishment of collaboration with the partners abroad in the sphere of innovation technologies, and also in expansion of its production on the Asian markets.</p>
14.	<p>OJSC “Rivne confectionery factory”  30, Hmilna Str., Rivne, 33001  tel./fax: +38 (0362) 636-127  e-mail: <a href="mailto:rkf@ukr.net">rkf@ukr.net</a></p>	Petruk Valentyna	<p>“Rivne confectionery factory” about 60 years already satisfies the need of the most demanding user. Refined and effective production was repeatedly noted by many rewards, as the laureates of diverse international exhibitions, competitions etc.</p> <p>The production of enterprise is widely known in Ukraine, and it’s also in requisition on the markets of Russia, Mongolia, Moldova, Lithuania, Latvia and other countries. Assortment is more than 240 kinds of production: chocolate, fondant and gel candies, on the waffle basis, dragee, caramel, wafer, pastry.</p> <p>The company is interested in the expansion of markets for sale own production and the establishment of two-way cooperation with the new partners.</p>

15.	<p>OJSC “Rivne plant “Gazotron”</p> <p>39, Gagarin Str., Rivne, 33003  tel.: +38 (0362) 224-026, 240-086  fax: +38 (0362) 269-677  e-mail: <a href="mailto:gazotron@rivne.com">gazotron@rivne.com</a></p>	Shylo Pavlo	<p>Since 1958 OJSC “Gazotron” is known on the market of electronic industry. Enterprise specialises on the production of gas-discharge indicators, vacuum -luminescent lamps, character-synthesising gas-discharge panels of direct current, modules in the panels of direct current, lasers, goods of popular consumption, medical instruments. The production of plant widely using both in the civil and in the military technology, also in the systems of radiation protection AES, ship building, instrument manufacture. The enterprise built section for demercurization of filled with mercury lamps and other instruments, is mastered manufacture of equipment for neon advertisement.</p> <p>OJSC “Gazotron” is interested in collaboration of compact luminescent lamps’ production, ecologically clean heating systems, which work on biological fuel and household trash.</p>
-----	---	-------------	--

16.	<p>PE “Burshtyn”</p> <p>94, Kyjivska Str., Rivne, 33027  tel.: +38 (0362) 620-671, 620-420  fax: +38 (0362) 62-09-32  e-mail: <a href="mailto:amber@utel.net.ua">amber@utel.net.ua</a></p>	<p>Medynskyy  Volodymyr</p>	<p>PE “Burshtyn” proposes wide range of goods made of amber and jewellery in the combination of amber and silver. To the following types of production belong: necklace, bracelets, ear-ring, coulombs, broach, pendants, clips, rings, suspension and necklace of various forms (vanguard wild style with medicinal quality, also high-quilted, calibrated, prepared from details of traditional forms (ball, cubes). Production is well known for its coloured range (12 nuances from the rare white and greenish to the dark-cherry). A large quantity of bracelets of astonishing design and surprising forms are proposed in the complete set to the necklaces, which can satisfy the most demanding buyer. For the first time in Europe enterprise "Burshtyn" began release pictures, icons, portraits, which are manufactured of amber crumb. On demand of firms, companies, associations our artists will develop and prepare emblems, logotypes, trade marks. Wide range of goods, exclusive orders, high quality coupled with the obtainable price will satisfy the refined tastes of client.</p>
-----	--	---------------------------------	---

17.	<p>OJSC “Rivne plant of high-voltage equipment”</p> <p>16, Bila Str., Rivne, 33001  tel.: +38 (0362) 221-536  fax: (0362) 269-644  e-mail: <a href="mailto:office@rzva.com.ua">office@rzva.com.ua</a>  <a href="http://www.rzva.ua">http://www.rzva.ua</a></p>	<p>Ferens Igor  Dmytrovytch</p>	<p>The specialization of enterprise is manufacture and sale of high-voltage equipment and transformer substations. Range of production does cover numerous technical equipment and adaptations of different forms and power, including vacuum switches 6-10 kilowatt, complete transformer substations (of block type), complete assembled switch gear 6-10-35 kilowatt.</p> <p>OJSC “Rivne plant of high voltage equipment” collaborates with many foreign firms for the purpose to support with devices and materials: AVV Color Emag, ABB CACE etc. Enterprise is interested in the establishment of collaboration with the companies in the sphere mentioned above.</p>
18.	<p>OJSC “Rivne radio-engineering plant”</p> <p>25, D.Galytskogo Str., Rivne, 33027  tel.: +38 (0362) 23-53-01  e-mail: <a href="mailto:rtz@ukr.net">rtz@ukr.net</a></p>	<p>Tsymbalyuk Mykola</p>	<p>OJSC “Rivne radio-technical plant” is equipped with modern equipment of closed cycle in the radio-electronic sphere. Principal specialization is based on foundry, plastic, galvanic, varnish-and-paint, metalworking, skeleton-stamping production. Plant manufactures optional equipment, rigging, printed-circuit boards, including multilayer, and also makes micro assembling by thin and thickly tape technologies on the frequency to ten GHz. Enterprise is oriented on creation of joint ventures and trade delegates in this field of activity.</p>

19.	<p>“Verstatnyk”</p> <p>12, Budivelnkyiv Str., Rivne, 33016  tel. +38 (0362) 242-031  fax: +38 (0362) 241-533  e-mal: <a href="mailto:granit@rivne.com">granit@rivne.com</a></p>	Kuhar Oleksandr	<p>“Verstatnyk” Ltd. specializes on manufacture granite production of wide consumable range using raw material of local granite layers (red, gray, brown, with different impregnations, green and greenish gray granites, black gabbro, black labradorite, black basalt). Granite modular tile of 10-60 mm is in good demand, which is used for facing of buildings’ facades and internal framing of living quarters.</p> <p>The result of ten-year work is evergrowing demand for production among building companies of Ukraine and foreign partners from abroad (Russia, Byelorussia, countries of Baltic States) and countries of West Europe - Poland, France, Germany, Sweden and Turkey.</p> <p>Company is interested in collaboration on introduction of new technology of cutting blocks of hard rocks and in mastery of wasteless technology in manufacture large-dimension widely profile facing goods.</p>
20.	<p>Ukrainian-Czech JC  ”PST-Ukraine”</p> <p>37, Dubeska Str., Rivne, 33000  tel.: +38 (0362) 633-729, 625-693  fax: +38 (0362) 625-602  e-mail: <a href="mailto:pst_trade@pst.rovno.ua">pst_trade@pst.rovno.ua</a>  <a href="http://www.pst.rv.ua">www.pst.rv.ua</a></p>	Linnyk Volodymyr	<p>“PST-Ukraine” joint venture is wide-profile enterprise. To the principal directions of activity of which belongs - customs- broker, transport-dispatch services, industrial engineering, manufacture of its own poligraphic production, hotel service, creation of program items, service for customs license stocks, paper and office production trade, transport advertisement etc.</p> <p>Enterprise is interested in creation of poligraphic on the basis of cooperation, leasing, and investment in the form of equipment.</p>

21.	<p>PF "Rivnelis"</p> <p>26, Pushkina Str., Rivne, 33000  tel.: +38 (0362) 266-792, 267-464  fax: +38 (0362) 222-246, 221-334</p>	<p>Grytsajchuk  Volodymyr</p>	<p>Enterprise realizes coniferous and deciduous saw-timber, elements for strengthening of shaft, plywood raw materials, firewoods, technical raw materials, facing board, balances for the paper industry, sawn billet for the pallets, etc. The consumer goods - door and window blocks, bed, ledges, lath and other forms of woodworking industry' goods are great importance.</p> <p>Enterprise effectively collaborates with many countries in the realization of export operations. PF "Rivnelis" it is interested in the establishment over the existing production areas of contemporary high-quality equipment for the manufacture of joiner's goods with their further export.</p>
-----	--	-----------------------------------	---

22.	<p>SPC“Prodekologiya”</p> <p>32, Mlynivska Str., Rivne, 33024  tel./fax: +38 (0362) 622-031,  256-054  e-mal: <a href="mailto:prodecolog@utel.net.ua">prodecolog@utel.net.ua</a>  <a href="http://www.prodecolog.com.ua">www.prodecolog.com.ua</a></p>	Lozin Andriy	<p>SPF “Prodekologiya” is leader in CIS and East Europe countries in the sphere of design, production and supply of magnetic separators and it threw detectors. The main directions of the work are: design, production, modernization and repair of magnetic separators and filters; the realization of instruments for conducting of measurement and control of magnetic induction; the assembly of laboratories by equipment for the analysis of ferro-addition contents in the products; development, production, installation monitoring, servicing of detectors; development and production of radio-electronic, optional equipment.</p> <p>The firm manufactured and delivered thousands of magnetic separators and hundreds of detectors for industrial enterprises of Ukraine, Russia, Byelorussia, Poland, Latvia, Lithuania, Estonia, Moldova, Slovakia, Kazakhstan and Kirgizstan. Firm also feffectivlly collaborates with Chinese partners in the import of permanent magnets.</p> <p>Enterprise is interested in the establishment of new contacts with Chinese firms relative to the deliveries of magnets, and also in the general creation of powerful magnetic separators for the metallurgical industry (ore and nonmetalliferous metals).</p>
-----	--	--------------	--

23.	<p>“Akvaton” Ltd.</p> <p>50, B.Hmelnickogo Str., Rivne, 33027  tel.: +38 (0362) 620-543, 620-565,  623-270.  fax: +38 (0362) 620-545  e-mail: <a href="mailto:akva@rime.com">akva@rime.com</a></p>	Korunov Illya	<p>Production enterprise “Akvaton”, which equipped with modern highly-technological equipment (anemal unit of Austrian firm “MAG”), produces the wide range of enamelled wire. The high quality of enamelled wires is ensured due to the application of a two-layered system of isolation. Enamelled wire is manufactured on the basis of electroinsulating varnishes of the leading European firms with the application the eighth millimeter copper wire billet. The outstanding elasticity of enemal isolation, its resistance to thermal shock, mechanical and chemical strength, thermoplastic character, resistance to solvents and refrigerants permit using enamelled wire in the manufacture of electric motors for the refrigerators and also special engines, which work in the difficult climatic conditions.</p> <p>Enterprise are able to propose high-quality enamelled wires to exportation such models as PET-155, PETD-200 00, 18-2,24. This firm is interested in the exchange of experience in the sphere of utilization the latest technologies.</p>
-----	--	---------------	---

24.	<p>“Dubnonasinnya” Ltd. 62a, Kurchatova Str., Rivne, 33018 tel./fax: +38 (0362) 637-840, 637-736 e-mail: <a href="mailto:fil@nasena.com">fil@nasena.com</a></p>	Medvedyuk Valentyn	<p>Enterprise specializes in manufacture of the high-quality hybrids of domestic selection seeds of sugar beet, which are certified by international standard system of quality management ISO 90002. The high quality of products is attained due to unique in Europe automated control system of technological process.</p> <p>For second year being (was established in 2000) the enterprise conquered 24% of Ukrainian market for the sugar beet’ seeds, provided with its products 72 sugar refineries. Since 2003 the firm produced the incrustation and dragging seeds, which widely used abroad.</p> <p>Enterprise is interested to enlarge the markets for sale and to establish the cooperation.</p>
25.	<p>OJSC “Rivneazot” Rivne-17, 33017 tel.: +38 (03622) 172-00, 173-04 fax: +38 (0362) 581-04 e-mail: <a href="mailto:secretary@azot.rv.ua">secretary@azot.rv.ua</a> <a href="http://www.azot.rivne.com">www.azot.rivne.com</a></p>	Zabluda Myhaylo	<p>Leading producer of mineral fertilizers, ammonia, adipic and sulfuric acid, silicate gel, catalysts in Ukraine, which used local raw-materials. Its products are in requisition on the markets for more than 20 countries, among which USA, Hungary, China.</p> <p>OJSC “Rivneazot” it is interested in collaboration on the introduction of energy-saving technologies in manufacture of ammonia, and also in creation of the new kind of nitric fertilizers.</p>

26.	<p>Rivne plant "Tekhnopryvid"</p> <p>Rivne-21, 33021  tel./fax: +38 (03622) 591-84, 551-90  e-mail: <a href="mailto:marketing@tdk.rivne.com">marketing@tdk.rivne.com</a>  <a href="http://tehnoprivod.com">http://tehnoprivod.com</a></p>	Sirenko Oleg	<p>Plant "Tekhnopryvid" taking leading place in Ukraine and CIS countries on elaboration and production of flexible cable remote control, which used in mobile machines.</p> <p>The products are used under production of combines, buses and automobiles, roadbuilding and municipal machinery, and it permits to control the most difficult of access mechanisms, such as brake, hydraulic systems, the work of engine, attached and accessory equipment, clutch of cohesion.</p>
27.	<p>"Karat" Ltd.</p> <p>39, Gagarina Str., Rivne, 33003  tel./fax: +38 (0362) 690-065, 690-066, 690-067  e-mail: <a href="mailto:info@rovnoplast.rv.ua">info@rovnoplast.rv.ua</a></p>	Polzunov Vasyl	<p>"KARAT" Ltd. - this is one of the first and greatest in Ukraine domestic producers of window and door blocks, insulating glass (productive capacity of the firm is approximately 150 000 m2 per year). In the production used Hungarian profile system PANORAMA, German - Kömmerling and "LISEC", technological lines of firm "ACHTUAL" (Austria).</p> <p>Soon is planned the mastery of new technologies, namely: manufacture of multilayer polycarbonate panels for building, the facing tiles for framing of walls and fronts. Firm is interested in the establishment of industrial-technological cooperations with foreign partners.</p>

28.	<p>Firm "Fart-Service"</p> <p>17, S.Petlyury Str., Rivne, 33028  tel./fax: +38 (0362) 222-105  e-mail: <a href="mailto:fts@fts.rv.ua">fts@fts.rv.ua</a></p>	Feyshter Myhaylo	<p>The firm "Fart- service" concerned with designed, assembly, setting up and launching operation on the installation of autonomous energy-saving heating systems, water and gas supply, using the most qualitative equipment and materials of leading Ukrainian and foreign firm- producers. The central objective of work - to ensure comfort and to guarantee reliability.  Enterprise will intend to establish two-way commercial communications.</p>
29.	<p>"Odek-Ukraina"</p> <p>v. Orzhiv, Rivne district, 33000  тел. +38 (0362) 69-36-02,  69-36-08  факс +38 (0362) 69-36-10  e-mail: <a href="mailto:odek@odekdns.utel.net.ua">odek@odekdns.utel.net.ua</a></p>	Cherneckij Myron Lvovytych	<p>"ODEK" is modern enterprise, which is equipped with highly-technological equipment for the manufacture of plywood diverse designation out of high quality raw materials. To satisfy consumer's needs, especially specific requirements for quality of plywood, are developed the technologies of specific products manufacture, except of traditional plywood and plywood of general use. During a long period of enterprise function (more than 115 years) "ODEK" gain invaluable experience on the production of plywood, guaranteeing at that the quality of products.  Firm are interested to establish the commercial cooperation with foreign partners</p>

30.	<p>CJSC “Konsjurers-Sklo-Zorya”</p> <p>v. Zorya, Rivne district, Rivne region 35314 tel.: 692-104 fax: +38 (0362) 692-347 e-mail: <a href="mailto:reception@sklozorya.com">reception@sklozorya.com</a></p>	Savinsky Stanislav	<p>CJSC “Konsjurers-Sklo-Zorya” proposes more than 60 kinds of glass container capacity of 200 mln.kinds per year, including exclusive bottles and jars made of colorless glass “flint”. Among the customers of KSZ are leading producers of beverages and food products in Ukraine, CIS countries and Europe. Highly-technological equipment, which ensures the quality of European model, is used in the company. In this time does take root the technology of bottles production which is new for Ukraine NNPB (Narrow-Neck- Andes -Blow). Firm is interested in export of its production on international market.</p>
31.	<p>CJSC “Kostopil plant of glass-goods”</p> <p>7, Gvardiyska Str., Kostopil, Rivne region, 35000 tel: +38 (03657) 214-31, 210-91 e-mail: <a href="mailto:office_kzs@ukr.net">office_kzs@ukr.net</a></p>	Filimonjuk Andrij	<p>The production of plant is known to customers for more than 100 years. It manufactures and proposes wide range of glass container (medical container and various bottles), which is produced of local raw materials. The company utilizes modern equipment, which ensures high quality of production. Enterprise is interested in contacts with the users of their production by companies of such industries as: medical, chemical, food industry, and its interested in different types of collaboration.</p>
